Price List (APPRENTICE)

(Effective: 01 September 2011)

Apprentice CITB funding summary:

The CITB actively encourages and supports apprentices in the construction industry. In order to encourage apprentices to concentrate on their base trade, generous funding is provided for training relevant to the training contract only (such as trade school fees). Any training outside the contract of training attracts funding as relevant. Listed above are the few examples where the CITB does fund apprentices outside their contract:

APPRENTICE UPSKILLING PRICES						Industry Association Members	
Service Code	Courses	Hours	Regular Price	With CITB rebate	Available to	Industry assoc. Regular Price	Industry & CITB
