About us

PEER is a non-profit industry-based organisation, a Group Training Organisation (GTO) and an award winning Registered Training Organisation (RTO), delivering nationally accredited training packages to meet South Australia's skill development needs.

As a RTO, we deliver pre-vocational training, VET in schools, apprenticeship training, upskilling short courses and skills recognition training.

Our academy ensures students are trained, coached, mentored and supported to be their best – as trade professionals and as individuals.

We are proud, to be the winner of the 2018 SA Training Awards, Training Provider of the Year and the 2018 Australian Training Awards, Small Training Provider of the Year.

As a GTO, we are the largest employer of apprentices within the Building and Construction industry in SA, with over 400 apprentices and trainees.

Agile and innovative, PEER is highly regarded for delivering trade training and assessment excellence in the following trades: electrical, plumbing, data communications, and refrigeration & air-conditioning.

Training is customised and personalised to accommodate the learning styles of each student and delivered by qualified professional trainers. Practical training is conducted in our impressive multi-storey, purpose-built training facility – the Centre of Excellence – which was designed and built in collaboration with our industry partners.
