

UEE22011

Certificate II in Electrotechnology

CAREER START

WHAT YOU'LL LEARN

This work-entry program will teach you the basic skills and knowledge to work safely in **any field of electrotechnology**.

YOUR FUTURE OPTIONS

The skills you learn in this course will put you on the right path to become an **Electrician, Data Technician** or **Refrigeration & Air-conditioning Mechanic**.

OUTCOMES AND CREDITS

Once you've completed all your Units of Competency, you'll receive a **UEE22011 Certificate II in Electrotechnology (Career Start)** qualification. If not all Units of Competency are completed, a Statement of Attainment will be issued instead.

ENTRY REQUIREMENTS

To complete this course, you should have a good understanding of both **English** and **General Mathematics**.

WHAT YOU'LL NEED

To look after your safety, these items are compulsory: **steel capped boots, 100% cotton long sleeve high-vis shirt** (supplied by PEER) and long pants. No polyester blends are allowed.

FEES

Please contact PEER for more information on course fees. **From 1 July 2021** school students accessing subsidised VET courses commencing from **1 January 2022** will need to undertake the **VET Readiness Orientation (VETRO)** process to meet eligibility requirements

WHEN

The course is held **one day a week**, from the start of Term One. The day and location of the course will depend on numbers.

COURSE LOCATIONS

Partnered school OR
PEER Trade Training Centre
1042 Port Road, ALBERT PARK SA 5014

TO ENROL: Speak to your VET Coordinator or contact PEER vetis@peer.com.au | 8348 1200

UEE22011

Certificate II in Electrotechnology

CAREER START

UNITS OF COMPETENCY*

CORE UNITS

UEENEEE101A

Apply Occupational Health and Safety (OHS) regulations, codes and practices in the workplace

UEENEEE104A

Solve problems in d.c. circuits

UEENEEE141A

Use of routine equipment/plant/technologies in an energy sector environment

UEENEEE148A

Carry out routine work activities in an energy sector environment

UEENEEE179A

Identify and select components, accessories and materials for energy sector work activities

UEENEEK142A

Apply environmentally and sustainable procedures in the energy sector

ELECTIVE UNITS

UEENEEE038B

Participate in development and follow a personal competency development plan

UEENEEE102A

Fabricate, assemble and dismantle utilities industry components

UEENEEE137A

Document and apply measures to control OHS risks associated with electrotechnology work

UEENEHH102A

Repairs basic electronic apparatus faults by replacement of components

UEENEED101A

Use computer applications relevant to a workplace

ADDITIONAL UNITS

HLTAID001

Provide CPR (cardiopulmonary resuscitation)

UETTDRRF06

Perform rescue from a live L V panel

**Units of Competency may change based on packaging requirements.*

NUMBER OF SACE CREDITS

To find out what SACE credits you can receive, refer to the VET Recognition Register
