

Certificate II in Electrotechnology

UEE22025 (CAREER START)

WHAT YOU'LL LEARN

This work-entry program will teach you the basic skills and knowledge to work safely in any field of **Electrotechnology.**

OUTCOMES AND CREDITS

Once you've completed all your Units of Competency, you'll receive a **UEE22025 Certificate II in Electrotechnology (career start)** qualification. If not all units of competency are completed, a Statement of Attainment will be issued instead.

WHAT YOU'LL NEED

To look after your safety, these items are compulsory: **steel capped boots, 100% cotton long sleeve high-vis shirt** (supplied by PEER) and long pants. No polyester blends are allowed.

WHEN

The course is held **one day a week TBA,** from the start of Term one, week 2. The day and location will depend on numbers.

YOUR FUTURE OPTIONS

The skills you will learn in this course will put you on the right path to become an Electrician, Data Technician or Refridgeration & Air-conditioning Mechanic, and/or study a Degree Apprenticeship at university.

ENTRY REQUIREMENTS

To complete this course and get started, you should have a good understanding of both **English** and **General Mathematics**.

FEES

Please contact PEER for more information on course fees. School accessing subsidised VET courses will need to undertake the **VET Readinss Orientation (VERTO)** process to meet eligibility requirements

Certificate II in Electrotechnology

UEE22025 (CAREER START)

CORE UNITS	UNIT TITLE
CPCWHS1001	Prepare to work safely in the construction industry
UEECD0007	Apply work health and safety regulations, codes, and practices in the workplace
UEECD0009	Carry out routine work activities in an energy sector environment
UEECD0052	Use routine equipment/plant/technologies in an energy sector environment
UEECD0021	identify and select components, accessories and materials for energy sectors work activities
UEECD0046	Solve problems in single path circuits
UEECD0038	Provide solutions and report on routine electrotechnology problems
UEECD0087	Provide basic sustainable energy solutions for energy management in residential premises

ELECTIVE UNITS	UNIT TITLE
UEECD0060	Repairs basic electronic apparatus faults by replacement pf components
UEECD0019	Fabricate, assemble and dismantle utilities industry components
UEECD0020	Fix and secure electrotechnology equipment
UEECD0034	Produce routine tools/devices for carrying out energy sector work activities

*Units of Competency may change based on packaging requirments.

NUMBER OF SACE CREDITS
