

11410NAT Certificate II in Plumbing Pathways

WHAT YOU'LL LEARN

Across a variety of class-room based study and practising **hands-on skills**, you'll learn to perform **plumbing pipework, welding and fabrication** using **plumbing hand** and **power tools**.

OUTCOMES AND CREDITS

Once you've successfully completed all your Units of Competency, you'll receive a **11410NAT Certificate II in Plumbing Pathways** qualification. If not all units of competency are completed, a Statement of Attainment will be issued instead.

WHAT YOU'LL NEED

To look after your safety, these items are compulsory: **steel capped boots, 100% cotton long sleeve high-vis shirt** (supplied by PEER) and **long pants**. No polyester blends are allowed.

WHEN

The course is held over 12 months, one day per week, starting in term one. The day and location of the course will depend on student numbers and host schools.

YOUR FUTURE OPTIONS

The skills you learn in this course will put you on the right path to further training (apprenticeship) to become a Plumber and Gas Fitter or Roof Plumber. Alternatively you can use the knowledge you gain towards another trade or related university pathway.

ENTRY REQUIREMENTS

To complete this course and get started, you will need a sound understanding of both **English** and **General Mathematics**.

FEES

Please contact PEER for more information on course fees. School students accessing subsidised VET courses will need to undertake the **VET Readiness Orientation (VETRO)** process to meet eligibility requirements
